Take a step away from the hustle and bustle of everyday life, and enjoy quality family time in Barraba. This is the kind of place where you can truly relax, let the kids run, explore and ride their bikes stress-free while you include in life's simple pleasures. Enjoy a swim at the award-winning Barraba Swimming Complex - complete with giant waterslide and pool toys, plus a hydrotherapy pool that's open all year round - or pack a picnic for a barbecue with a view at Adam's Lookout. Barraba also has a skate park and several playgrounds including O'Meara Park where young children will enjoy the old steam engine.

#### HISTORY AND HERITAGE

Much of Barraba's history is based around its agricultural past, and while Barraba is now recognised as one of the nation's top cattle producing areas, it originally prospered as a destination for gold, copper and clay mining, as well as wool and wheat production.

Barraba is home to the Kamilaroi/Gomeroi people. In fact, the word 'Barraba' is an Aboriginal word meaning 'camping place on the edge of a river'. European settlers first visited the area in 1827, before the first pastoral licences were granted in 1836, and Barraba was officially named a town in 1885.

Discover Barraba's history at the Nandewar Historical Society Museum or the now legendary Shed of Knowledge, a fascinating personal collection of memorabilia, family histories and vintage pieces.

#### **OUTDOOR ADVENTURE**

Surrounded by National Parks and expansive wide-open spaces, Barraba is a great base for those who love outdoor adventure. It is located in the Nandewar Ranges and offers an abundance of natural attractions to explore including the extinct volcanic area of Mount Kaputar National Park, Rocky Creek Glacial

Area, Horton Falls National Park, Sawn Rocks, Split Rock Dam and Glenriddle Reserve.

Disconnect from the stresses of everyday life and reconnect with nature as you experience bushwalking, fishing, bird watching, camping and fossicking immersed in the beauty of Barraba's surrounds. One visit and you'll agree that Barraba is a fantastic destination for the avid adventurer and nature lover.

#### ART & CULTURE

Despite being home to just over 1,400 people, Barraba is a dynamic creative community with a number of great annual events, including the popular Frost Over Barraba Arts Festival

The Fuller Gallery and Claypan, a community-run gallery and potter's guild, is where locals share their knowledge and showcase locally made arts and wares. The Playhouse Hotel, the restored boutique hotel, is undoubtedly the cultural centre of the Barraba community; a unique space offering theatre performances, events and conference facilities as well as boutique accommodation, great meals at it's in-house café, regular pop-up art installations and a unique gift store.

DESTINATIONTAMWORTH.COM.AU

Finally, the **Barraba Silos Mural**, completed by Sydney-based artist Fintan Magee in 2019, is another testament to the town's vibrant arts culture, helping Barraba make its mark on the regional art scene.

## NUNDLE AND HANGING ROCK

With a population of just under 500 people, Nundle and Hanging Rock are a treasure-trove of history, culture and adventure. The villages of Nundle and Hanging Rock are just 10km apart and yet the 600-metre elevation difference between the two means that they each have a completely different feel and offering.

A thriving, creative and dynamic village, Nundle offers visitors a unique destination that is both relaxing and invigorating - a beautiful contrast that makes it an absolute must-see. One of the first things any visitor will notice upon arriving in Nundle is the community spirit; you can't help but feel the pride of the locals who passionately embrace their charming village.

Nundle holds an incredible number of annual events that draw crowds of thousands from around Australia and the world (see page 58). Highlights on the annual events calendar include the **Nundle Go for Gold Easter Festival**; a two-day celebration of the village's mining history with market stalls and live music, and **The Great Nundle Dog Race**, held annually to raise funds for the local primary school for over 40 years. It's a fun-filled day, with pooches racing and jumping in numerous categories for great prizes.

Nundle and Hanging Rock are both surrounded by valley vistas, fertile farmland and the imposing rocky hillsides of the Great Dividing Range, making a road trip well worthwhile for the scenery and immersion in nature alone. Add in the close-knit village atmosphere, great food and coffee, boutique shopping as well as the incredible range of things to see and do and it's evident why Nundle has become one of the region's most popular destinations!

Meander the quiet streets and explore an eclectic collection of stores as you uncover everything from original art and homewares to skincare and fashion. Offering real service, passionate craftspeople and unique items that can't be found anywhere else, Nundle embodies the best of country town shopping.

#### **FAMILY FUN**

Regardless of whether it's for a day trip or longer stay, you will have no trouble finding plenty to keep the whole family entertained in Nuncle. Explore the village centre at your own pace, play, learn about the area's fascinating history or simply get back to nature and recharge in the fresh mountain air. The unique wool-themed Nundle Playground is a one-of-a-kind play experience that will keep the little ones entertained for hours. Located right in the centre of the village next door to the playground, Nundle Pool is an ideal refuge to cool off on those warm summer days. If you're looking for a picnic location with an epic view, make the 10-minute drive from Nundle to the Hanging Rock Lookout for spectacular panoramas over the Peel Valley.

#### HISTORY & HERITAGE

The famous 'Hills of Gold' form a key part of the area's identity. Gold was discovered at Hanging Rock in 1851, before Nundle's establishment in 1854; both flourished during the gold rush era with thousands of miners calling the area home. There are numerous buildings, monuments and signage to remind visitors of the area's past as well as several places to hire gold panning

equipment - be sure to drop into the Visitor Information
Outlet to get hot tips on where you can try your luck!

A visit to Nundle is like stepping back in time, with some local businesses having traded for over 120 years, plus a museum dedicated to the gold rush era and an operating woollen mill. Visit historical cemeteries in both Nundle and Hanging Rock, where you'll discover the final resting places of both past residents and visitors to the area, including a memorial to Mrs Ashton, the wife of Ashton's Circus founder James Henry Ashton.

Nundle's rich history is also evident in the village streetscapes which offer a mix of Victorian and Art Deco architecture, effortlessly combined with industrial style in the form of re-purposed shipping containers and classic country-town Australiana vibes. Learn more about heritage buildings in Nundle itself by picking up a map from the Nundle Visitor Information Outlet.

#### **OUTDOOR ADVENTURE**

A visit to Nundle and Hanging Rock means being surrounded by natural beauty. Here, even a simple stroll by the Peel River is an experience to remember! If outdoor adventure is your

style, these two gems will no doubt impress with a huge variety of outdoor pursuits including kayaking, fishing (including at a local trout farm), hiking, swimming and camping right on its doorstep. Nundle is also a popular destination for cyclists, motorbike enthusiasts and car clubs from all over the country.

If you enjoy a round or two, **Nundle Golf Club** boasts a most scenic course. Operating on an honesty box system, everyone is welcome to play throughout the week with competitions being held on Sundays.

If you're looking for a great place to switch off, enjoy the sounds of nature and get away from it all, Sheba Dams at Hanging Rock is popular with campers, fishermen and families and is perfect for a cooling dip. Sheba Dams is powerboat free meaning it's perfect for a relaxing kayak, fish, swim or paddle in the shallows. If you need more room to move, head to Chaffey Dam (between Nundle and Woolomin) - a hive of activity on weekends attracting water skiers, campers and fishers.

#### ART & CULTURE

Nundle is home to a range of talented artists and craftspeople and hosts frequent live music events. Creativity and entrepreneurial spirits thrive in this close-knit community, which truly outdoes itself when it comes to its arts and cultural offerings. Nundle is also a popular destination for art and craft retreats, so if you're looking to flex your creative muscle, be sure to check out the Destination Tamworth website for a list of upcoming events.

For any geology lovers, the Gil Bennet Rocks, Gems & Minerals Collection is one of the most comprehensive collections in the world. The collection is the work of Gilmore Thomas Bennet who spent over 20 years collecting specimens from all over Australia and other parts of the world.
