## REGIONAL WINE STYLES

The Swan Valley has a warm, Mediterranean-style climate. This, along with the rich soils and good access to water from the Swan River, has allowed the region to establish itself as a leading producer of a broad array of high quality wines, ideally suited to Perth's climate and a smorgasbord of cuisines.

### SPARKLING WINES

Sparkling wines have long been the favoured drink to celebrate any occasion. Making sparkling wine in the traditional Methode Champenoise, the same method that produces Champagne in France, is labour intensive but well worth the extra effort.

In the Swan Valley, delicious and creamy sparkling wines are produced from traditional varieties such as Chardonnay as well as Chenin Blanc and Shiraz.

### VERDELHO

Verdelho thrives in the climate of the Swan Valley. The variety is crisp and dry with tropical notes and is great with or without food. Ideal to serve with tapas, freshly shucked oysters and most Asian cuisines.

### CHENIN BLANC

Chenin Blanc is grown extensively in the Valley and often forms the basis of wines called 'classic'. This crisp, dry, minerally style with intense flavour is ideal to serve with seafood and light-style chicken dishes.

### PETIT VERDOT

Petit Verdot has gained a strong following in the Swan Valley. Dense in colour and highly aromatic with notes of blueberries and spice flavours on the palate, it is best matched with rich foods such as hearty casseroles, roast duck and strong cheddar cheese.

### SHIRAZ

Shiraz is used to make a full bodied red wine suitable for early consumption or for cellaring. The use of new and old oak adds greater complexity and depth. In the Swan Valley, there are still some blocks of very old Shiraz vines that produce a minimum yield but very high quality wine. Great food matches include grilled red meats, coq au vin and dry cheddar-style cheeses.

### FORTIFIED WINES

Fortified wines are often referred to as liquid sunshine as the fruit is left on the vines for extended ripening in the warm summer sun. The berries are semi-dried which concentrates the grape sugars and flavours. The term 'fortified' refers to the addition of a small amount of brandy to strengthen the partly fermented wine which is then left to mature in an oak barrel. Luscious fortified wines made in the Valley include Pedro Ximenes, Muscadelle, Liqueur Shiraz and Liqueur Verdelho.

## YAHAVA KOFFEEWORKS

D13

The first thing you will see in a KoffeeWorks is the Roastery, but most head to the Tasting Benches to start their adventure. After this, move on to the Koffee & Tea Sheds, or the Academy to browse Brewing Equipment or fossick around in The Markets.

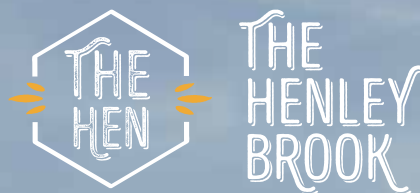

Finally, you'll finish in The Kafe for brews and nibbles. Once you discover Yahava you discover the amazing world of tropical treats.

## Seasonal ROADSIDE STALLS & FARM GATES

The first grapevines in Western Australia date back to 1829 with plantings established by Thomas Waters at Olive Farm in South Guildford. In 1840, table grapes were planted at Sandalford in Caversham. There was a steady increase in demand for table grapes during the 1850s and by the 1890s the Swan Valley had established a thriving export industry.

Table grapes remain the region's largest commercial crop, their distinctive A-frame trellising distinguishing them from grapes being grown for wine. From December to April, you can enjoy a variety of white, red and black grapes direct from the farm gate, including the new wave of seedless as well as the old world traditional vintage varieties. It is an experience locals love as much as visitors to the region.

## STRAIGHT FROM FARM GATE TO YOUR DINNER PLATE!

The Swan Valley has plenty of farm gate stalls jam-packed with freshly picked produce from the farm. Produce is seasonal and subject to change, but always full of flavour and guaranteed to make your tastebuds sing.

In summer, expect to feast on delicious grapes, watermelons, rockmelons, peaches, figs, dragonfruit, mangoes and tomatoes. Come autumn, the Valley offers late season grapes, pomegranates and an array of vegies perfect for roasting. Winter is full of zesty citrus and strawberries, while in spring you'll find asparagus and broad beans.

# History Buffs

STEP RIGHT THIS WAY...

The picturesque village of Guildford was established during the founding of the Swan River Colony in 1829 and today it is one of only three towns in Perth on the National Trust register. Guildford has also been officially added to the State Register of Heritage Places. Exquisite colonial architecture is just the tip of the iceberg in historic Guildford – there are also fascinating museums, churches, theatres and the oldest wineries in the State to discover nearby.

The Swan Valley's history starts more than 40,000 years ago with the original custodians of the land, the Noongar Aboriginal people of the Wadjuk tribe. The Wadjuk people have a deep connection with the land and tell of a Dreamtime serpent, the Waugal, which once travelled across the country, carving out the Swan Valley and the Swan River. They say the Waugal still lives deep beneath the Swan River waters.

The Swan Valley is also home to the oldest vines in the State. Western Australia's first vines were planted at Olive Farm in 1829. While Sandalford is best known for its wines today, the Roe family were initially significant table grape producers for the region. By 1950, Houghton, Sandalford, John Kosovich, Pinelli Estate, Garbin Estate and Talijancich wineries were all boasting flourishing vines. Most of these vintage vines are still family owned and run by descendants with generations of passionate winemaking in their blood.

## GUILDFORD HERITAGE WALKING TRAILS

Guildford was one of the first towns established when WA was settled in 1829, so it is brimming with historic significance and is also pretty as a picture. With lush, green flat grounds, Guildford is a glorious spot for a stroll, or follow one of four self-guided walking trails. Each offers a history lesson, tales of colonial life and an introduction to some intriguing characters who have called Guildford home.

# RETAIL THERAPY

Guildford is the undisputed antique capital of Perth. It has the city's largest collection of antique shops along the charming James Street cafe strip.

Whether you are a curious shopper or a discerning collector, it's easy to lose yourself in the treasures along this historic main street.

There are more delights to discover throughout Guildford, including gourmet food and craft stores. Frequently changing stock means you'll be surprised with each return visit.

There are also markets on the third Sunday of each month, and twilight markets during the warmer months, when there are even more bargains to be had.

# Beyond

## THE SWAN VALLEY

### GIDGEGANNUP

Gidgegannup is a rural neighbour of the Swan Valley, made up of beautiful native bushland and quiet country charm. The name of the area has Noongar origins, meaning "the place where spears are made". The indigenous people of the area called it Gidjeejarnup, which later developed into its current name with the influence of colonial settlers.

Gidgegannup has some of the most beautiful natural walking trails and national parks around, so get your hiking gear ready. Berry Reserve, Noble Falls, Walyunga National Park and Karakamia Sanctuary show off the area's beautiful natural fauna and flora, and provide seriously breathtaking views of Perth and the metropolitan area.

Searching for somewhere to entertain the whole family? Gidgegannup has the goods. Grab a bite at the local country pub, a treat from the bakery or pack a picnic and visit stunning Noble Falls. Check out the annual Small Farm Field Day in May and the family fun-filled Gidge Show every October.

### BULLSBROOK

Bullsbrook is a charming farming town with beautiful surrounds and a rich history. Populated largely by farmers, and surrounded by vast national parks and bushland, it's hard to believe Bullsbrook is barely an hour out of Perth's CBD and 25 minutes from Midland.

Bullsbrook has been home to Pearce Airbase, a training facility for the Royal Australian Air Force, since 1939. The RAAF airbase is the busiest in Australia, and is the only permanent airbase in the State.

If you're a nature lover, Bullsbrook may well be your utopia. It's close to the beautiful Walyunga National Park, the Bullsbrook Natural Reserve, Leda Nature Reserve, the Avon Valley National Park and the nearby Moondyne Nature Reserve.

Perhaps the most iconic attraction in Bullsbrook is Perth's Outback Splash. This wonderful water park is a perfect option for a fun-filled family day out. From water slides to mazes, to cuddly native animals, there's something to keep the kids occupied all year round.

If you want to learn more about Bullsbrook's history, the BRRA Museum at West Bullsbrook Hall has collected, preserved and displayed fascinating Bullsbrook district heritage items, including documents, photographs, oral histories, artefacts and machinery.

Bullsbrook is also home to several strawberry farms where you can pick your very own stash of juicy red berries straight from the plant when they are in season!
